

My whole family listens to K-LOVE at 91.1 in our area. We ask that you do not allow a LPFM to override this translator service for K-LOVE. The station provides a positive and encouraging radio station to listen to here in Colorado. I see many K-Love bumper stickers on cars in town. The loss would affect a significant part of my community. We ask that you keep K-LOVE at 91.1 FM. Thank you.
